

# ST. LOUIS FIRST ROBOTICS INFORMATIONAL MEETINGS

## *FOR INSPIRATION AND RECOGNITION OF SCIENCE AND TECHNOLOGY*

You have some information, have been to the competitions, seen what F.I.R.S.T. Robotics can do and continues to do for students, schools and the community. Now it's time to make the move and start a team, but where do you start?

***Attend one of the meetings below to find out about:***

- Grants available
- Logistics for getting a team started
- How and where to get mentors for your team
- What program is right for your school/organization
- Help available to guide you through the process of starting a team
- Contacts and sources for when you need help during the build season

### ***Locations:***

**May 7<sup>th</sup>** Earth City ITT Technical Institute / 3640 Corporate Trail Drive **10:00 AM**

**May 25<sup>th</sup>** Girl Scouts of Eastern Missouri Office /2300 Ball Drive **5:00 PM**

**June 2<sup>nd</sup>** Arnold ITT Technical Institute /1930 Meyer Drury Drive **6:00 PM**
